HUUM mobile app

HIVE HIVE Mini

UKU control system is a modern way to heat a sauna. The sauna can be controlled from a stylish sauna controller on the wall or, in the case of the WiFi or GSM model, even from a smartphone. It is possible to connect sauna lighting/ventilation and steamer to UKU and control them from the remote control. UKU ensures you a comfortable and safe sauna experience.

- ◆ timer
- ◆ child safety lock
- ◆ door sensor
- ◆ for heaters up to 18 kW
- ◆ controllers of different colours and styles
- ◆ the control system can be used with electric heaters from different manufacturers

Control system options:

WiFi

GSM

Local

UKU WiFi - Manual and mobile application use. Needs WiFi network

UKU GSM - Manual and mobile application use. Needs 2G network

UKU Local - Manual use only

You can conveniently heat the sauna with **HUUM mobile application**, regardless of your location. Whether you're finishing a long day at work or planning to go for a run - a couple of clicks on your mobile phone is all it takes to have a hot sauna waiting for you when you get home.

The mobile application allows you to set the start and end time of heating, select the target temperature and view the current temperature of the sauna. HUUM mobile application works with **UKU WiFi** and **UKU GSM** control systems.

- ◆ eight different languages
- ◆ unlimited number of users
- ◆ notification when the end temperature is reached
- ◆ lights/ventilation or steamer control
- ◆ calendar for booking sauna in advance
- ◆ statistics about sauna use

INCLUDED:

- electric sauna heater
- adjustable legs

REQUIRED:

- control unit
- stones
- heat-resistant power cable

HIVE electric heater is an elegant solution for larger saunas and a suitable choice for spas and sports clubs. The amount of heater stones is imposingly large, reaching up to 270 kg. In this way there will be long-lasting and hot steam even for a larger group who wants to enjoy sauna without haste. The round shape of the heater imitates a wild bee hive and brings the group together.

HIVE Mini electric heater is a slimmer version of the HIVE heater. The heater holds 170 kg of stones and is suitable for smaller saunas, but also heats up a large steam room. Both heaters are compatible with the UKU sauna control system.
